The Opportunity: Procurement Manager

Reporting directly to the Vice President of Construction, Traine Construction & Development's Procurement Manager is a cost-conscious and product-savvy professional who has extensive experience in the construction industry and can institute innovative policies to save the company money and improve our product quality. Specifically, the Procurement Manager can improve Traine's relations with existing suppliers while finding new suppliers who can meet Traine's needs more efficiently.

The ideal candidate will possess the following qualifications and experience:

- Ideally has either a Certified Professional Supply Management (CPSM) or Certified Purchasing Manager (CPM) qualification;
- At least five (5)+ years relevant experience in Purchasing Procurement for construction projects;
- Effective communication skills with individuals at all levels of the organization;
- Computer proficiency in Microsoft Excel, Word, Outlook, and ERP systems such as Spectrum;
- High level of personal integrity;
- Strong work ethic and strategic mindset; and
- Self-starter.
