

The University of Manitoba is a driving force of innovation, discovery and advancement. Our momentum is propelled by our campus community – UM faculty, staff and students whose determination and curiosity shape our world for the better. Our teaching, learning and work environment is uniquely strengthened and enriched by Indigenous perspectives. With two main campuses in Winnipeg, satellite campuses throughout Manitoba, and world-wide research, UM's impact is global.

Discover outstanding employee benefits, experience world-class facilities and join a dynamic community that values reconciliation, sustainability, diversity, and inclusion. We are one of Manitoba's Top Employers and one of Canada's Best Diversity Employers. At the University of Manitoba, what inspires you can change everything.

Category Lead – Research and Sciences

The opportunity:

The University of Manitoba Purchasing Services department is looking for a Category Lead with primary responsibility to support overall supply activities for the Research and Sciences Category. This position will also be expected to support the other three Supply and Services Categories as required: Construction and Renovation, Operations and General, and Information Technology.

The qualifications and experience we're looking for:

- Completion of the Supply Chain Canada (SCC) Supply Chain Management Professional (SCMP) Designation Program required.
 - Bachelor's degree or equivalent post-secondary studies in a related discipline required.
 - An acceptable equivalent combination of education and experience may be considered.
 - 6 years senior purchasing experience required.
 - Experience in a public sector procurement environment.
 - Leadership and supervisory experience required.
 - An acceptable equivalent combination of education and experience may be considered.
 - A strong background in public competitive bidding, Strategic Sourcing (and other Supply Chain Management concepts), methodologies, practices, and techniques required.
 - Must have a comprehensive understanding of Canadian competitive bidding law/process, trade agreements, and contract law/terms and conditions.
 - Must possess strong analytical skills with ability to assess data with detailed accuracy, in order to exercise good judgement and make decisive recommendations.
 - Must have experience in using advanced features associated with Microsoft Office software (Word, Excel, Outlook, etc.).
 - Experience working with eProcurement software (like SAP Ariba) preferred, with the ability to learn new software quickly and efficiently-
 - Must have strong time management and organizational skills with the ability to prioritize and manage competing tasks independently with a high level of initiative.
-

- Must have excellent customer service skills and communication (email/telephone) manner/etiquette.
- Must have developed presentation skills and strong interpersonal skills, with ability to communicate effectively with all levels of staff and public in a diplomatic, firm but tactful manner.
- Must have strong written communication skills with ability to draft clear, concise, and accurate documents (such as recommendations to executives/ boards, statements of work/descriptions of service for contracts, operating procedures/guidelines, category business cases and reports).
- Must be specialized in the development, evaluation and awarding of Requests for Proposal (RFPs), Requests for Information (RFIs), Requests for Quote (RFQs) and Strategic Sourcing exercises for goods and services.
- Must have strong research, analytical and assessment skills of market trends, benchmarking, spend data, and KPIs.
- Must work well in a team environment.
- Must have strong negotiation planning and execution skills.
- Satisfactory work record, including satisfactory attendance and punctuality, is required.

The opportunity:

The University of Manitoba Purchasing Services department is looking for a Junior Purchasing Consultant. Reporting to the Category Lead, this position has primary responsibility to support overall supply activities for the Operations and General Category. The Junior Purchasing Consultant will also be expected to support the other three Supply and Services Categories as required: Construction and Renovation, Information Technology, and Research and Sciences.

The qualifications and experience we're looking for:

- Completion of at least one module and two interactive workshops in Supply Chain Canada (SCC) Supply Chain Management Professional (SCMP) Designation program is required.
 - Enrolment in SCC's SCMP Designation program is preferred.
 - Post-secondary education in a related discipline (e.g. SCC's Supply Management Training [SMT] program, Commerce, Business Administration) is an asset.
 - An acceptable equivalent combination of education and experience may be considered.
-

- Four (4) years junior buyer/purchasing experience is required.
- Experience with the technical functionality of an eProcurement system (preferably SAP Ariba) is required.
- Experience in the public sector procurement environment is preferred.
- Experience in RFP/RFQ/RFT development is preferred.
- Experience in category management and strategic sourcing is preferred.
- Must have good command of the English language and general knowledge of Purchasing management concepts and general business terminology.
- Must have good understanding of competitive bidding process/law, trade agreements and contract law.
- Must pay attention to detail and utilize/administer financial and other data with accuracy.
- Must have excellent customer service skills and phone manner/etiquette.
- Must have good written communication skills with ability to draft clear, concise and accurate documents.
- Must have good interpersonal skills with ability to communicate effectively with all levels of staff and public in a diplomatic, firm but tactful manner.
- Must have good time management and organizational skills with the ability to prioritize and manage competing tasks independently with a high level of initiative.
- Must have good analytical skills with ability to assess data with detailed accuracy, in order to exercise good judgement and make decisive recommendations.
- Must be skilled in the use of a computer and Microsoft Office Software (Excel, Word, and Outlook) and Purchasing software, with the ability to learn new software quickly and efficiently.
- Must work well in a team environment.
- Professional appearance and demeanour is required.
- Ethical conduct is required.
- Must be able to adapt to an ever-changing environment.
- Good knowledge of university policy and procedures is an asset.
- Proficiency with university purchasing management and e-procurement software program (Banner Finance and SAP Ariba) is preferred.
- Satisfactory work record, including satisfactory attendance and punctuality, is required.
