*Good Food, Good Life is the very essence of Nestlé. This philosophy can be traced back to our beginnings. The Nestlé Company was founded in 1867 by Henri Nestlé, who developed the first milk-based baby formula. Today, over a century later, we are recognized as the world's largest Food and Beverage Company employing around 280,000 people and have factories or operations in almost every country in the world. Nestlé Canada has a wide variety of food, beverage and nutrition products to help you and your family live happier and healthier lives including: Gerber and Good Start, Nescafé, KitKat, Smarties, Aero, Delissio, Häagen-Dazs, Boost, Purina, and Nestlé Waters. Nestlé Canada supports your personal growth with a people-focused culture and a flexible and diverse working environment. Find out why, **There is more to Life at Nestlé...***

We offer you:

- Great comprehensive benefits package including Health and Dental benefits that start on day one.
- Excellent training and development programs as well as opportunities to grow within the company.
- Comprehensive Total Rewards Package and Company Matched Retirement Plan.

Nestlé Canada Ice Cream has an immediate opening for a Materials Planner, to join the Supply Chain team at our state-of-the-art ice cream factory, located in London, Ontario. The Materials Planner is responsible for materials (raw ingredients and packaging) planning and ordering for the manufacturing of the different ice cream products.

Major Responsibilities:

- Review production plan using MRP (SAP) and order ingredients and packaging accordingly
- Create and monitor call-off purchase orders
- Vendor Management:
 - Manage VMI (vendor managed inventory) programs
 - Manage Vendor non-conformances through SMI (Intelex). Includes claims management
 - Manage Vendor site visits to review general business, performance, etc.
- Ensure minimum orders and inbound freight loads are optimized.
- Manage Aging inventory to mitigate risk
- Work closely with Marketing, Supply Planning and Vendor to manage onboarding of new materials & disposition of obsolete materials.
- Communicate material changes to all relevant factory departments
- Work with Vendors, Procurement, other functional depts. on sourcing opportunities that will generate savings and/or Lean best practices.
- Other duties as required

Qualifications:

- Community College Diploma in related field (purchasing, material planning, production planning) with 2 years experience or equivalent. APIC's or Supply Chain Canada member an asset.
- Computer knowledge of Microsoft Office suite (outlook, excel, word)
- Knowledge of SAP is a definite asset
- Good math skills and attention for details
- Good problem solving skills with the ability for creative thinking
- Team player with exceptional communication skills
- Agility to work in fast paced, dynamic & flexible environment supporting growth and operational excellence.

Please note: Education Verification, Reference Checks and Criminal Background Checks will be administered on suitably qualified candidates.

If you believe you have the profile we are looking for and you want to make your mark in the World's Largest Food and Beverage Company, we look forward to hearing from you!

Nestlé is an equal opportunity employer committed to diversity and inclusion. If you are selected to participate in the recruitment process, please inform Human Resources of any accommodations

you may require. Nestlé will work with you in an effort to ensure that you are able to fully participate in the process.

We thank you for your interest in this opportunity; however only those individuals selected for an interview will be contacted.
