Cedric Millar Integrated Solutions and Our Culture

We are ethical and hard-working professionals that are passionate about providing integrated supply chain management solutions (along with supporting services) to manufacturers and shippers across Canada and the US.

Each member of our team plays an important role in executing best-in-class supply chain solutions with the very best in people, process, suppliers, technology, and business intelligence. As a 4PL provider, we continue to develop collaborative cost-effective solutions that create flow, consistent service and eliminate waste in a customer's supply chain.

We add value by providing a variety of services:

Strategic Supply Chain Management, Freight Brokerage Services, Small Package Services, Dedicated/Fleet Management Solutions, Pro-Fit Placement Services, and Consulting and Engineering Services.

The Ideal Candidate

- Advance knowledge of .net core, C#, Xamarin, Responsive Frameworks (Bootstrap or Foundation)
- Advanced knowledge of T-SQL as well detailed understanding of database design
- Knowledge and/or experience Protocol – REST via Web API + JSON, Odata
