The Ministry of SaskBuilds and Procurement is seeking a dynamic and motivated individual to join the Health Infrastructure branch in a two-year term position as a Senior Project Manager in the Design & Construction unit. The Design & Construction unit is responsible for the project management of health infrastructure projects including complex facilities that provide acute, long-term care and urgent care for the people of Saskatchewan.

### Responsibilities

- Work with relevant ministries, advisors, and stakeholders to manage the design and construction phase of complex, often multi-owner projects (i.e. multiple ministries and/or health authorities);
- Work with health stakeholders to build technical expertise, improve the design and construction of new facilities, and help shape the development of health facilities in the province;
- Review and validate project costs, risk, and related financial analysis;
- Coordinate and manage multidisciplinary teams and advisors which may consist of engineering teams, architects, clinical and healthcare advisors, information management and technology experts, legal teams, financial and procurement advisors, fairness advisors, facility maintenance advisors, etc.;
- Develop, track, and manage the approved project schedule and budget;
- Perform contract management of numerous contracts under varying project delivery models; and
- Create and/or participate in the preparation of Treasury Board, Cabinet, and SaskBuilds Board information and decision items, as well as create/participate in the development and delivery of stakeholder presentations

### Job Capabilities:

As a public servant, we are seeking someone who has:

- Is accountable, takes ownership of their work by contributing to organizational outcomes and demonstrates the corporate values in our Commitment to Excellence.
- Is innovative and seeks out ways for improvement by thinking creatively, identifying new ideas and taking responsible risks.
- Works collaboratively with others to understand, engage and have meaningful dialogue to achieve work outcomes.
- Is inclusive, identifies and is aware of personal bias, and readily seeks out and appreciates diverse perspectives.
- Is adaptable, continuously learns from experience and applies those learnings to new situations.
- Focuses on achieving public service excellence.
