

# Come Live Our Values

## Specialist, Category Management Saskatoon, SK

### We offer:

- competitive pay
- superior benefits
- employee share ownership plan for all employees
- Live Better wellness program

*Cameco values diversity. In keeping with this principle and our employment equity goals, we particularly encourage qualified applicants from the designated equity groups to apply.*

*To explore this career opportunity, please visit [www.camecocareers.com](http://www.camecocareers.com).*

*Deadline for applications is **September 30, 2021**. Please quote competition number **36106**.*

### Position and Responsibilities

In this pivotal role you will be responsible for managing the lodging, catering and northern facilities category portfolio. Working closely with supply chain management business partners in our mining divisions, you will develop sourcing strategies for this category, manage contracts with and performance of Cameco's preferred vendors, as well as maintain category expertise and market knowledge necessary to maximize value from periodic rate and service level negotiations.

As a key contributor to the strategic management of corporate spend, you will pursue value-creation opportunities and drive maximisation of the resulting benefits. Your change management skills will assist you in ensuring stakeholder collaboration and acceptance, and your experience in purchasing or supplier management will contribute to the overall success of the category strategy. In addition, there will be considerable overlap with the northern site's facility coordinators to support their on-site duties from time-to time.

### This is a temporary term for up to 14 months.

*At Cameco we understand the value of a diverse workforce and we embrace, encourage and support workplace inclusion and diversity. New ideas, perspectives, experiences, and expertise make Cameco stronger. Our vision is to create a culture where inclusion is the goal, and a diverse and representative workforce is our measure of success.*

### Education and Qualifications

Requirements of the position:

- Bachelor's degree in commerce, business or a related field
- Five or more years of related experience in supply chain management, relationship management and/or project management, auditing, and inspections.
- Equivalent combination of education and work experience considered
- Strong change management and negotiation expertise
- Work a rotational schedule and commute to site by aircraft (approximately 50% of time will be at our northern sites and 50% will be working at the corporate office in Saskatoon.)

Assets:

- SCMP or CPSM designation

Applicants will be considered for a level within the job progression which is appropriate to their qualifications.
