

JOB POSTING

POSITION: Senior Purchaser

LOCATION: Regina, SK

Powerful Value, Delivered is much more than a tagline at Brandt. It's our company-wide promise to help our customers succeed by empowering them with the outstanding performance of our people and the uncompromising quality of our products and services. The Brandt Group of Companies is a dynamic and diverse group of companies headquartered in Regina, Saskatchewan. Brandt employs over 3400 people, and services markets across Canada, the United States, Europe, Australia and Asia. Brandt is the largest privately owned company in Saskatchewan and a Platinum Member of the Canada's 50 Best Managed Companies program.

Brandt is looking for a supply chain management professional to play a key role in our MRO Purchasing Group. Reporting to the Purchasing Manager of MRO, this senior purchaser is tasked with ensuring that Brandt achieves best value in terms of price, quality, reliability and delivery in all transactions related to the commodity portfolio.

The role involves considerable interaction with various business segments that Brandt operates. The individual we're looking for will have built a career around understanding the numerous elements involved in the purchase of contract services and consumables required to operate a large manufacturing plant, and will have a proven record of leveraging strategic relationships to drive value.

Success in the role will be achieved through application of strategic purchasing concepts, and through effective management of the global relationships required to satisfy operational demands.

JOB DUTIES & RESPONSIBILITIES:

- 5 or more years of MRO procurement.
- Expertise in the strategic purchasing of various commodities related to maintenance, repair and operations.
- Experience with RFPs, purchase and service contracts, including those in the construction industry.
- Post-Secondary education in Business Administration or Supply Chain Management (SCMP preferred).
- Excellent communication skills, both written and verbal.
- Extensive experience in ERP systems, and working knowledge of MS Office software, esp. Excel, Word, PowerPoint
