Introductory Statement

We're looking for a strategic and detail-oriented Senior Buyer to join our Regina team. In this role, you'll play a key part in supporting capital and operational projects by leading sourcing initiatives, strengthening supplier partnerships, and ensuring compliance with strategic agreements. If you enjoy collaborating cross-functionally and influencing project outcomes from planning through execution, this is a great opportunity to make an impact.

What You'll Do

- Partner with Capital teams to plan and develop project scopes, schedules, and bid packages
- Develop bidder lists, conduct detailed bid analysis, and provide award recommendations
- Collaborate with EPCM firms to ensure sourcing activities align with Mosaic requirements
- Manage supplier relationships and performance through the lifecycle of agreements
- Develop and execute structured agreements that protect Mosaic's interests using established tools and processes
- Partner with Legal to draft, review, and finalize contracts
- Ensure agreements are executed, filed, and distributed in accordance with company policy
- Ensure contractor compliance with insurance and WCB requirements through ISN and complete post-job evaluations
- Process purchase orders, expedite materials and services, and resolve invoice issues with Accounts Payable
- Identify and report cost-saving opportunities and drive process improvements
- Attend meetings, collect data, prepare reports, and travel to sites as needed

What You'll Need

- High School Diploma or GED
- 5+ years of procurement, purchasing or related experience
- 3+ years of experience in industrial manufacturing or related environment
- 1+ years of experience using a Computerized Maintenance Management Systems (CMMS) or ERP system
- Demonstrated analytical, communication, and contract management skills
- Ability to manage multiple priorities and stakeholders

Bonus Points If You Have

- Bachelor's degree in business administration or related field
- Experience working with engineering procurement construction management (EPCM) firms on capital projects

- Experience with original equipment manufacturer procurement – OEM
- Experience with SAP Ariba and/or SAP Fieldglass

What's In It for You

- A competitive base salary + a bonus incentive
- 11 paid holidays each year
- A generous retirement and savings program with a company match
- Paid sick leave
- Paid vacation
- A robust flexible benefits package which includes medical, dental, vision, and life & disability insurance
- Employee and Family Assistance Program
- Tuition reimbursement
