

Specialist III, Procurement (41278)

Location: Saskatoon, SK

About Us

Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Utilities around the world rely on our nuclear fuel products to generate safe, reliable, emissions-free nuclear power. Cameco's corporate office is based in Saskatoon. We have mining operations and projects in northern Saskatchewan, Kazakhstan, the United States and Australia. We are also a leading supplier of uranium refining, conversion, and fuel manufacturing services from our operations in Ontario.

The Role

Cameco has a great opportunity available for an enthusiastic, motivated professional to be a part of a diverse procurement team. You will be responsible for supporting all of Cameco's Canadian operations on a permanent full-time basis.

In this role, you will:

- Source a range of materials, equipment and services and interact closely with internal and external stakeholders
- Contribute to value creation from procurement activities, act as a service provider to our partners at our Canadian operations, as well as participate in the continuous improvement of our processes and procedures
- Source best overall value to meet internal customer needs, generate and expedite purchase orders in an SAP environment, develop and execute contracts and manage vendor on-time delivery
- Conduct request for quotations (RFQ) and request for proposals (RFP) as needed
- Identify and resolve blocked invoices to ensure efficiency in the procure-to-pay process
- Assist in onboarding new suppliers and maintaining supplier databases
- Provide guidance to junior team members building technical skills/competencies
- Ensure adherence to internal controls, procurement policies and regulatory requirements
- Identify process inefficiencies and recommend improvements

Required:

- A bachelor's degree in business, commerce, or a related field
- Three to eight years of experience in the supply chain management/procurement field
- Equivalent combination of education and work experience considered
- Excellent analytical, organizational and communication skills

Recommended:

- Previous SAP experience
- Previous procurement experience at an industrial or mining environment
- A Supply Chain Management Professional (SCMP) or another comparable designation

Cameco is proud to offer a competitive total reward package which includes:

- Competitive compensation program with base and variable pay
- Flexible health, drug, dental, and vision plan with a health spending and personal spending account
- Fixed benefits including employee and dependant life, AD&D, disability benefits and paid vacation leave
- Employee & Family Assistance Programs
- RRSP and RPP matching program
- Career development opportunities
- Relocation costs

Cameco is an employment equity employer and aims to achieve gender parity, and as such, preference will be given to qualified members of equity groups. We are strengthened by the diverse backgrounds of experiences and encourage applicants with various levels of expertise to apply, as equivalent combination of education and work experience are considered.

You will have the opportunity to work hybrid in this position. There will be the need for intermittent meetings and weekly presence in the Saskatoon office. The details of this flex work arrangement will be discussed with you in the recruitment process. This position is eligible for the employee referral bonus.
